Our entire staff is devoted to helping you achieve your goals from both a surgical and personal perspective. Feel free to contact us if you have any questions or would like more information.

About Dr. Tyrone

John W. Tyrone, III, M.D. is a Florida native and grew up in St. Petersburg, Florida. In 1990, he earned his Bachelor's Degree in Economics from the University of Florida, and was elected to the Omicron Delta Epsilon Honor Society.

Dr. Tyrone attended the University of South Florida in Tampa for medical school, graduating in the top quarter of his class. He excelled in his surgical training and was one of six students selected for the Honors Course in Surgery.

After medical school, Dr. Tyrone spent five years in surgical training at the University of California, San Francisco-East Bay

and was awarded several honors, including Intern of the Year, Residency Advisor and Chief Resident.

Dr. Tyrone performed two years of Plastic Surgery scientific research at Northwestern University, Chicago, Illinois. He has numerous publications and has presented his work both nationally and internationally. His research won several prestigious awards, including a grant from the Plastic Surgery Education Foundation. Dr. Tyrone has also written several Plastic Surgery textbook chapters.

Developing an interest in Plastic Surgery early in his surgical training, Dr. Tyrone applied to and was accepted into an extremely competitive fellowship in Plastic Surgery at Emory University in Atlanta, Georgia. The Division of Plastic Surgery at Emory University is nationally recognized as one of the top training programs in the country, and for the past 30 years has been the world leader in Plastic Surgery education and innovation. Dr. Tyrone continued his record of excellence at Emory and was awarded several honors including selection as Chief Resident.

With over 14 years of education and training since his undergraduate degree, Dr. Tyrone is one of the most highly trained physicians in the southeast. Dr. Tyrone has been expertly trained in all areas of Plastic and Reconstructive Surgery, including cosmetic surgery of the body, breast and face. Both he and his staff look forward to the opportunity to serve you.

Specializing In:

PLASTIC & COSMETIC

S u r g e r y

Whether your goal is to enhance your natural features, improve your contour, or “turn back the clock”, Dr. Tyrone is expertly trained to provide you with the latest surgical techniques.

BREAST AUGMENTATION

S u r g e r y

Enhance your appearance with breast implants for a more curvaceous yet natural look. Dr. Tyrone uses the most modern techniques and implants to provide excellent shape with minimal incisions and nearly invisible scars.

BREAST REDUCTION & LIFT

S u r g e r y

Regain your form and figure by lifting or reducing the size of pendulous breasts. Dr. Tyrone is trained in the latest minimal incision techniques to improve breast shape and projection.

LIPOSUCTION & BODY

C o n t o u r i n g

Improve your contour with liposuction or reshape your waistline with a tummy tuck. Tighten and regain a more youthful appearance to arms and thighs with the newest techniques.

FACIAL PLASTIC

S u r g e r y

Improve facial balance with a rhinoplasty or facial implants. Ease the effects of time with a face, neck, brow or eyelid lift, and achieve natural yet long lasting results with minimal incisions. Dr. Tyrone is expertly trained in all aspects of Facial Plastic Surgery.
